

MONTHLY NETWORK MEETING

Thursday February 13, 2025

1:00-2:30 PM on Zoom

CULTIVATING HUMANITY THROUGH CONNECTION + BELONGING: THE LONGER TABLES STORY

with Tim Jones, Founder and Executive Director

Longer Tables started 10 years ago with an 80-foot long dinner table and people connecting from all walks of life. It has since grown into a nonprofit organization that now helps companies, organizations and communities leverage the principles of coming together equitably around a table to create richer, deeper and more authentic cultures where people feel seen, connected and like they belong. Come hear Tim's story and let's think together about how this might work for us and what this might mean here in Hampshire County.

Presenter:

Tim Jones is a storyteller, Emmy-winning filmmaker and consultant, who is also the Founder and ED of Longer Tables, a Colorado based nonprofit organization focused on bringing people together in meaningful ways to build connection and belonging.
